How Your GIFTING Helps

The InnerCity Mission for Children is supported entirely by your donations so together we can help make sure that every indigent child can grow up safe, happy and healthy.

Where do the funds I raise go?

The platform is configured in such a way that all funds raised go straight to the InnerCity Mission. The donations you raise are primarily channeled to what your gifting campaign focuses on. This may be to send children back to school, provide food, water, education and protection to help make a lasting difference to the lives of indigent children and families all around the world. Here are some of the ways your donation could help:

GIFTING

Gifting is an initiative of the InnerCity Mission for Children that allows you to do something meaningful and special through your network of friends and family, inviting them to give to your chosen project and together raising funds for the benefit of indigent children. This is made possible by the InnerCity Mission Fundraising Platform. www.theinnercitymission.ngo/gifting

THE GIFTER

When you fundraise with the InnerCity Mission, we call you a GIFTER.

Fundraising or gifting is you standing in the gap to say, you and your friends can make a difference in the lives of indigent children and families.

We're delighted that you want to fundraise for The InnerCity Mission and help keep children safe around the world.
